

- 1 A Primer on Mohs Micrographic Surgery Technique
- 2 Histologic Review of Common Skin Cancers
- 3 Aesthetic Concepts in Facial Soft Tissue Reconstruction
- 4 Wound Healing and Flap Physiology
- 5 Approach to Defects of the Forehead
- 6 Reconstruction of the Ear
- 7 Reconstruction of the Eyebrow
- 8 Reconstruction of the Upper Eyelid
- 9 Reconstruction of the Lower Eyelid
- 10 Reconstruction of the Cheek
- 11 Reconstruction of the Nose
- 12 Reconstruction in the Lips and Mouth
- 13 Reconstruction of the Lateral Face
- 14 Scar Physiology and Non-surgical Treatment of Scars

DVD-ROM contents

Video 1

Instruments and suture techniques (Chapter 4)

Video 2

Design of transpositional flap for nasal tip defect (Chapter 4)

Video 3

Design of rotational advancement flap for nasal tip defect (Chapter 4)

Video 4

Design of bilateral advancement flaps for forehead defect (Chapter 4)

Video 5

Reconstruction of central forehead defect with bilateral O-to-H advancement flaps (Chapter 5)

Video 6

Closure of large forehead and scalp defect with bilobed flap and scalp advancement (Chapter 5)

Video 7

Reconstruction of Mohs helical rim defect with Antia-Buch flap (Chapter 6)

Video 8

Upper eyelid reconstruction with direct closure and canthotomy (Chapter 7)

Video 9

Repair of upper eyelid Mohs defect with two-stage Cutler-Beard bridge flap (Chapter 7)

Video 10

Anterior lamellar reconstruction with acellular dermal matrix and paramedian forehead flap (Chapter 7)

Video 11

Direct closure of lower eyelid defect (Chapter 8)

Video 12

Reconstruction of lower eyelid defect with periosteal flap and Tenzel flap (Chapter 8)

Video 13

Reconstruction of lower eyelid defect with Hughes flap and Tripiel flap (Chapter 8)

Video 14

Reconstruction of lower eyelid defect with ear cartilage and myocutaneous flap (Chapter 8)

Video 15

Reconstruction of nasal alar defect with full thickness skin graft (Chapter 9)

Video 16

External nasal valve reconstruction with ear cartilage graft and nasolabial flap (Chapter 9)

Video 17

Aesthetic reconstruction of Mohs alar defect with multiple, staged flaps and ear cartilage graft (Chapter 9)

Video 18

Reconstruction of lower eyelid and midcheek defect with cervicofacial rotational flap (Chapter 10)

Video 19

Reconstruction of lateral cheek defect with rhombic transposition flap (Chapter 11)

Video 20

Reconstruction of total lip defect with Karapandzic flaps (Chapter 12)

Video 21

Aesthetic scar revision nasal alar contraction (Chapter 14)
